SALT LAKE CITY.

A Few Observations of That Unique City and the Mormons.

(continued from last week)

As stated in former articles, the great Mormon Temple cost four millions of dollars. Forty-one years were required to complete the building, the work beginning in 1852 and continuing until 1893. It is a very large and showy building, with numerous spires towering high above the earth. On the central tower is a gilded figure representing the "Angel Mormon," who is accused of having revealed to Joseph Smith the location of gold plates on which the Book of Mormon is said to have been engraved. The outer walls of the Temple are built of white granite, quarried twenty miles distant, and hauled with ox teams. Three days were required for a round trip of one of these teams, hauling one large block of granite. The walls are 16 feet thick at the base and six feet at the top. No "seething" has ever been allowed to enter the Temple—none but orthodox Mormons with "unfettered feet," as we were told.

Near the Temple stands another remarkable building, the Mormon Tabernacle. This is one of the largest structures for religious worship in the world. It is 150 x 250 feet and 80 feet high. The roof is oval-shaped and is supported by wooden structure fastened together throughout with wooden pins, as the price of iron was prohibitive at the time (1865-7) the Tabernacle was built. Forty-four large stone pillars support the arches of the roof. The acoustic properties of the building are exceptionally fine, the ticking of an ordinary clock being distinctly audible in all parts. The seating capacity is 12,000. In the west end of the building is one of the finest pipe organs in the world. Its cost was \$125,000, and it was made almost entirely in Salt Lake City. It has 5,000 pipes and 67 stops. By the manipulation of these the organist produces any kind of music desired, imitating bands, orchestras, choirs, etc. Choirs ranging from 400 to 600 voices are used in the services. The organist is one of the best in the entire country and is employed at a high salary.

Within two hours after our arrival at Salt Lake City we were attending a service at the Tabernacle. The long-whiskered usher took the Kentucky party away from front, where we could get a good dose. A member of the numerous family of Smith preached a doctrinal sermon. He was evidently talking seriously for the benefit of the hundreds and perhaps thousands of visitors present. Polygamy was not mentioned. He said that Mormons believe and accept not only the Bible, but also the Book of Mormon.

Salt Lake City has a great many visitors and the Mormon Church takes advantage of this and every other opportunity to disseminate its doctrines. A bureau of information is maintained on Temple Square, where visitors are shown the greatest consideration and courtesy. Their zeal and activity is worthy of a better religion.

One evening while there the church arranged an organ recital for the benefit of the Press Association. The program was made up of selections from works of some of the most famous composers. The rendition on the organ was superb, furnishing a rare treat to all of us. The full choir also had some numbers on the program. Their singing was grand.

In conversation with a citizen who was not a Mormon, we were told that polygamy is still practiced there to a very great extent. The plural marriages are performed in secret in a certain building on Temple Square. This gentleman said that even the old women were ardent advocates of polygamy.

There are more Youngs and Smiths around there than anything else, of course. Brigham Young had 16 wives and 58 children. The location of a school house was pointed out where Brigham educated his children. It was a private school, with only his children in attendance. We saw different residences where his wives were domiciled. The hand-

somest residence is known as Amelia Palace, which was built for Amelia, his favorite wife. The Lion House is the name of another of his residences. But the most appropriately named we should say was that called the Bee Hive.

The Book of Mormon is supposed to have been discovered by Joseph Smith near his home in the vicinity of Palmyra, N. Y., in 1828, as the result of a vision. And, by the way, Mr. B. F. Thomas, U. S. Engineer at this place, was sent there a good many years ago to investigate the matter and write it up for a newspaper.

Finally driven out of New York, Smith and his followers went to Ohio and soon afterward to Carthage, Ill. Hostilities drove them out of there and they made their way to the shores of the Great Salt Lake, of which but little was known at that time.

Polygamy was legalized by the Mormon Church through one of those convenient "revelations" which the head of the church seems to be able to "dig up" just any old time a notion strikes him. Since the law was passed by Congress in 1890 to suppress and prohibit polygamy the Mormons have not been publicly teaching it, but there is no doubt that the practice still continues. Pres. Jos. F. Smith, present head of the church, was surprisingly frank in his testimony before the Senatorial committee in Washington recently. He admitted his own guilt and when the old billy goat returned to Salt Lake City the five "manus" and three dozen kids comprising his immediate flock were all out to the station to meet him.

The Mormon Church controls the politics of that place and State. But other religions are gradually gaining a strong foothold in that section. Most of the leading denominations now have congregations and buildings in Salt Lake City.

Great Salt Lake is a few miles distant from the city. This peculiar body of water is about 95 miles long and has an average width of about 50 miles. It has no known outlet, but numerous streams of fresh water flow into it constantly. The water of the lake is impregnated with salt to the extent of 22 per cent. Five buckets of water will make one bucket "heaping full" of pure salt. The fresh water supply does not effect its saline proportion. This lake is said to be slowly but gradually becoming smaller. The extent to which the waters are receding is plainly marked at the principal bathing resort, where the piling that formerly stood in several feet of water is now almost or quite out.

Saltair, twelve miles from the city, is the largest bathing resort. Here is a fine pavilion and a large bath house. The water is just warm enough to be pleasant and we found the experience of a bath in the lake to be very agreeable and novel. It is almost impossible to sink in that water. With the simple effort of holding the head slightly up, one may float on the back as long as desired. One end or the other is inclined to stay out of the water and some persons appeared to have trouble in keeping the right end out. It must have been where there was a combination of little feet and big heads. The water is so strongly impregnated with salt as to be very painful to the eyes, ears and nose. Therefore, bathers seldom indulge in diving. The extent to which salt is present is shown by the fact that traces of salt are plainly visible on the face, body and suits of bathers who allow it to dry. Each dressing room of the bath house is provided with a shower bath of fresh water.

At various points along the lake shore between Ogden and Salt Lake City are seen vast areas devoted to the extraction of salt from the lake water. Shallow reservoirs are built by simply throwing up dirt all around the place. This is pumped full of water and the sun evaporates it. The filling process is repeated two or three times and then the salt is shoveled into cars and shipped. That need for the table and other particular purposes requires re-drying.

Robbed The Grave.

A startling incident is narrated by John Oliver of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pale, continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters; to my great joy, the first bottle made a decided improvement. I continued their use for three weeks and am now a well man. I know they robbed the grave of another victim. No one should fail to try them. Only 50c. guaranteed, at A. M. Hughes drug store."

Cash Given Away to Users of LION COFFEE

We are going to be more liberal than ever in 1904 to users of Lion Coffee. Not only will the Lion-Head, cut from the packages, be good, as heretofore, for the valuable premiums we have always given our customers, but

In Addition to the Regular Free Premiums

the same Lion-Head will entitle you to estimate in our \$50,000.00 Grand Prize Contest, which will make some of our patrons rich men and women. You can send in as many estimates as desired. There will be

TWO GREAT CONTESTS

The first contest will be on the July 4th attendance at the St. Louis World's Fair; the second relates to Total Vote For President to be cast Nov. 8, 1904. \$50,000.00 will be distributed in each of these contests, making \$100,000.00 on the two, and to make it still more interesting, in addition to this amount, we will give a

Grand First Prize of \$5,000.00

to the one who is nearest correct on both contests, and the two who are nearest correct on either.

Five Lion-Heads cut from Lion Coffee Packages and a 2 cent stamp entitle you (in addition to the regular free premiums) to one vote in either contest:

Printed blanks to vote on found in every Lion Coffee Package. The 2 cent stamp covers the expense of our acknowledgment to you that your estimate is recorded.

WORLD'S FAIR CONTEST

What will be the total July 4th attendance at the St. Louis World's Fair? At Chicago, July 4, 1893, the attendance was 283,271. For correct estimate received in Wisconsin Spice Co.'s office, Toledo, Ohio, on or before June 30, 1904, we will give first prize for the nearest correct estimate, second prize to the next nearest, etc., as follows:

1st Prize	\$12,500.00

THE BIG STORE

A "Never-Did-Before" Act

COAT SUIT AND RAINCOAT PRICES BOLDLY CUT.

The present backward season has made a great many hesitate in buying and consequently our selling has been similarly affected. Ap-
parel this week a full bloom very soon and it will all come at once. We anticipate a large number of calls for Spring wearing apparel next
week and have prepared these prices to make shopping all the more attractive.

In doing it, we make a reduction that we never made before, at the beginning of the season. Just think of the situation—reasonably
goods—large and stylish assortment of the very finest makes, with prices that make them exceedingly desirable.

In The Coat Suit Department.

A "Never-Did-Before" Act

COAT SUIT AND RAINCOAT PRICES BOLDLY CUT.

The present backward season has made a great many hesitate in buying and consequently our selling has been similarly affected. Ap-
parel this week a full bloom very soon and it will all come at once. We anticipate a large number of calls for Spring wearing apparel next
week and have prepared these prices to make shopping all the more attractive.

In doing it, we make a reduction that we never made before, at the beginning of the season. Just think of the situation—reasonably
goods—large and stylish assortment of the very finest makes, with prices that make them exceedingly desirable.

Death of George L. Hazelton.

By the death of Mr. George
Hazelton which occurred at his
late residence on Lock avenue
shortly after noon last Sunday,
some one of the best of men,
who was taken sick last November,
shortly after the death of his
father, and in spite of all that
could be done to restore him to
health he grew steadily worse un-
til death closed the scene.

Mr. Hazelton came to Louisa
about six years ago as clerk in the
United States Engineer office at
this place, which position he held
until failing health compelled him
to leave the office. He was a first-
class man for the position, being a
fine penman, an expert accountant,
familiar with the work and routine
of the engineer office in all its
departments.

The malady of which Mr. Hazelton
died was the rare and incurable
one known as Addison's dis-
ease.

Mr. Hazelton came to Louisa an
entire stranger, but such were his
many admirable traits of character
that he soon made many friends.
He was very genial and compa-
nionable, fond of music and society,
and his hospitable home was even
open to his host of relatives and
friends.

In the home circle Mr. Hazelton
was a model husband, father, son
and brother. It was in the house
of the son that the aged father
sickened and died, being comforted
by his faithful hands, and in this
same house the widowed mother
was tenderly watched and cared
for by the son taken from her
while yet in the prime of his early
manhood. The comfort and hap-
piness of his family were always
uppermost in Mr. Hazelton's mind.

He died as above stated on Sun-
day last, and on the following day
the body was taken to Cincinnati
where he was born about forty-
seven years ago. It was accom-
panied by his widow, his aged
mother, his daughter, Miss Myra,
and his sister Miss Laura Hazelton.
Mr. H. F. Thomas also accom-
panied the family. The News is in-
formed that the future home of the
family will be in Cincinnati. Time
by death and removal Louisa suf-
fers a great loss, and we voice the
regret of the community on ac-
count of Mr. Hazelton's deces-
se and the departure of the be-
loved family from our midst.

A. S. Weller, the dentist, was ar-
rested last Friday as he was about
to leave Louisa. The charge upon
which he was taken into custody
was burning his furniture in the
Hyndy house on Lock avenue. An
account of this case was published
last week. "Squire Gilles, of White-
ville, was selected to preside at the
examining trial, which was held in
the court house that evening. A
large crowd was out to hear the
trial. The evidence offered was
circumstantial, and "Squire Gilles
decided that it was not sufficient to
hold the accused and he was dis-
charged. Weller left the next day
for Jackson, Ohio.

Ladies, watch for a Great Skirt
Sale which will begin Saturday
morning, April 16, and end Friday,
the 22nd. The low prices will sur-
prise you very much on the skirts
during that week. We are doing
this in order to make room for our
wash good, which will soon begin
to arrive. Every skirt will be
marked in plain figures. It will
surprised you to buy a skirt dur-
ing this sale, whether you need it
now or not. Will also give big re-
ductions in all our mercandises
during that week. Just call and
see if we do what we advertise.

Louisa Bargain Store,
(The Prices Will Follow the Name.)
J. E. Raskley, Prop.

We, the undersigned members of
the City Council of Louisa, Ky., do
certify that our signatures to a
document in the hands of William
Caperton, wherein we agreed to re-
nounce the line and release Grover
Caperton on his good behavior,
were secured by misrepresentation
as the sentiments and intentions
of the undersigned members of
this city. We authorize the
publication of this paper.

W. F. WILSON,
D. W. BLANKENSHIP,
S. J. JUSTICE,
H. L. VINSON.

The marriage of Miss Dixie See,
daughter of Mrs. Edna See of Cat-
lettsburg, to Mr. Willie Sipple, of
Fort Gay, W. Va., took place
Thursday evening of last week at
the home of Rev. and Mrs. L. M.
Copley in the presence of a few
guests. The ceremony was per-
formed by Rev. Copley. They
drove to their home in West Vir-
ginia.

J. H. Cummings has returned
from New York and reports the
condition of his brother, Arch,
somewhat improved.

LATER: The attending physician
says the condition of Mr. Arch
Cummings, in New York, is hope-
less, as he is in an advanced stage
of pulmonary tuberculosis.

Capt. James Herron will take
charge of Torchlight mines as
Superintendent. He will occupy
one of Mr. Burns' houses on lower
Franklin street, in Louisa, as soon
as repairs are made. He and
family are now visiting Italy.
Cheap. Mr. Herron is a very suc-
cessful coal operator.

Resolutions of Respect.

Brother, again and again the
outdoor door is alarmed and a broth-
er goes to the silent chamber,
from whose door none returns.
Some are the prey of long and
wearisome disease and others are
worn out by weight of years, so
that the going is but the happy
release from the burdens of life.
Again the alarm has sounded.
In this instance it called one, our
brother, Alexander Lackey.

Bro. Lackey was a Free and ac-
cepted Mason. His last journey
is completed. He has finished his
work and gained his eternal home.
He leaves with us the memory of
his many sterling qualities, and
his true manhood will ever com-
mand our tenderest regard and
highest admiration. Yet we shall
miss the kindly word, the cheerful
greeting, and the hand that was
ever ready to assist the needy and
desolate.

To his bereaved wife and family
we offer the sincere sympathy
which springs because of brotherly
affection from the hearts of all the
members of Apperson Lodge No.
195, F. & A. M. and commend them
to Him who has promised to be a
husband to the widow, a father to
the orphan and a very present
help in trouble.

We mourn the loss of our du-
parted brother, and this tribute is
an individual expression, as well
as the expression of the entire
Lodge, of the sense of the great loss
we have sustained.

We recommend that the above
become a portion of the records of
this lodge, that copies be sent to
the bereaved widow and family,
and that they be published in the
BIG SANDY NEWS; and that the
Lodge room and furniture be draped
with the emblems of mourning
for thirty days, and that in token
of the respect we have for our de-
ceased brother the members of
Apperson Lodge are requested to
wear the usual badge of mourning
for thirty days.

Hopkins Gets Nomination.

Mr. Sterling, April 6.—Judge
John E. Cooper, of this city, has
withdrawn from the race for the
Democratic congressional nomi-
nation in the Tenth district. This
leaves the Hon. F. A. Hopkins,
the present Representative, with-
out opposition. The district com-
mittee will meet on April 14, at
which time Mr. Hopkins will be
declared the nominee, and the
primary for May 7 he called off.
The withdrawal of Judge Cooper
occasioned much surprise.

Notice to Shoe Wearers.

Mr. Edw. Franken representing
The Potter Shoe Co., will be at the
Hruswick Hotel on April 20 and
21 with a full line of samples of
men's, women's and children's
footwear. A cordial invitation is
extended to the people of Louisa
and vicinity to call and inspect
them during that time.

Big Loan to C. & O.

New York, April 5.—The Ches-
apeake & Ohio Railroad Co. has
sold to Kuhn, Loeb & Co. \$4,000,
000 of two year notes bearing 5
per cent. interest. The price paid
for these notes is not disclosed. The
transaction in effect is nothing
more than a loan to the railroad
company.

The Louisa Baker shop keeps
constantly on hand fresh bread
cakes of all kinds, pies, graham
bread, rye bread and everything
usually found in a first class
bakery. It is a pleasure to trade
with Mr. Resch. He is so obliging.
Parties wanting bread in
large quantities can always get
it shipped promptly and in good
condition.

S. M. Freese, of this place, has
been promoted to the position of
cashier of the Ohio & Kentucky
Railway Company and the Ken-
tucky Block Cannel Coal Company,
at Cannel City, Morgan county.
Sam is thoroughly competent and
is worthy of any trust that may be
placed in his hands.

There was a considerable fall of
snow here yesterday. This was
preceded for two or three nights
by frost, and if the fruit is not
killed it will be a most pleasant
surprise. Previous to this the
prospects were excellent for a large
peach crop.

The two-year-old child of Chas.
Holbrook fell from a second story
window at this place a few days ago,
and was not injured in any way.
The report says the child got up
and went to playing as though
nothing unusual had happened.

Pike County Shootings.

Williamson, W. Va., April 12.—
In a "blind tiger" across the line
in Kentucky and only a few miles
from here, Sid Harrie, of William-
son, shot and killed Will Ross, also
of this city. The shooting was
the result of a fight over a woman.
Harrie escaped.

Rudolph Sward shot and killed
Will Bradford in a county store
four miles east of Pikeville, in
Pike County, Ky., yesterday even-
ing. Six years ago Bradford it is
alleged, ran away with Sward's
wife. She lived with Bradford
about five months, it is said, and
then returned to her husband.
She has since been living with her
husband. Yesterday Sward and
Bradford met for the first time
since Sward's wife returned to her
husband. Sheriff Will Smith, of
Pike County, and a posse of 15
deputies pursued Sward and ran
him to cover in a coal bank.
Sward fired all but one of his re-
maining cartridges at the posse.
With the last bullet Sward ended
his own life by shooting himself
in the temple. None of the mis-
siles fired at the posse took effect.

To-day the sheriff went out to
hunt on his farm and while climb-
ing over a fence 10 miles east of
this place his gun accidentally dis-
charged. The shot penetrated his
left breast, and the reports are con-
flicting as to how serious the
wound is. Smith is one of the
wealthiest men in Pike county.—

Rural Route Law.

"Whoever shall hereafter will-
fully or maliciously injure, tear
down, or destroy any letter box or
other receptacle established by
order of the Postmaster General or
approved or designated by him for
the receipt or delivery of mail mat-
ter on any rural free delivery
route, or shall break open the
same, or willfully or maliciously
injure, deface, or destroy any mail
matter deposited therein, or shall
willfully take or steal such matter
from or out of such letter box or
other receptacle or shall willfully
aid or assist in any of the afore-
mentioned offenses, shall for every
such offense be punished by a fine
of not more than one thousand
dollars, or by imprisonment for
not more than three years.

Rural Delivery and Bad Roads.

Senator Simmons, of North
Carolina, has secured the adoption
of an amendment to the Post-office
bill which will be a great deal of
interest to sections of the country
where road conditions are not of
the best. The amendment to an
extent takes away from the agent
of the department the right to re-
port against the establishment of a
route on account of the bad con-
dition of the roads. It is provided
that the agent examining the proposed
route can find carriers who are
willing to undertake the delivery
of mail the route shall be estab-
lished. It is complained that
agents frequently turn down routes
without justification.

Death From Hydrophobia.

A little son of James H. King, age
five years, died at Cherokee, this
county, from hydrophobia a few
days ago. He and a sister about
two years older were bitten by a
mad dog about three weeks ago.
Hydrophobia developed in the lit-
tle boy and caused his death after
great suffering. No evidence of
the disease has shown in the little
girl as yet, but the family and
friends are very much worried for
fear it will develop later.

This is the first death that ever
occurred in Lawrence county from
this terrible disease. Mr. H. King
is one of the substantial citizens of
that section.

Record of One Cow.

The fine report made by Mrs. E.
Arnett in our last issue from the
proceeds of milk and butter from
one cow has brought forth another
case of much interest. Mr. and
Mrs. G. B. H. Chapman, of this
place, have kept a strict account of
the proceeds from sale of butter
and milk from one cow and the re-
sults are surprising. The sales
from the first of last July to the
first of this month amount to
\$10.05. No account was kept of
what they used themselves. In
the month of August they sold 36
gallons of sweet milk and 26
pounds of butter.

Farmers Raising Goats.

A number of our farmers have
begun raising goats. It is claimed
for them that they are more pro-
fitable than sheep. They are better
foragers, kill briars and noxious
bushes and they are most prolific
and increase with great rapidity.
Some of our farmers have pur-
chased the Angora goats which
are very valuable as wool pro-
ducers, besides as goat for mutton.
One farmer, Mr. George Hall, claims
to have commenced two years ago
with one nannie, and he has only
purchased one fine Angora buck
and now has a flock of eighteen.
Mr. Nat Headley, A. C. Headley
and others claim to be well pleased
with them as substitutes for sheep.
The wool on a thoroughbred An-
gora is from eight to ten inches
long and is of fine texture.—Trigg

William H. Jayne, who was sent
to the Asylum at Lexington a few
weeks ago, is, we are pleased to
note, at home again, and appears
to be mentally all right again.
Judge Hite sent for him last week
and brought him back from Lex-
ington, and believing that he has
so far recovered that he should be
again entrusted with the manage-
ment of his business affairs, had a
jury empaneled to pass on his men-
tal condition. After hearing the evi-
dence in the case, the jury decided
that he is now mentally sane.
Thereupon Judge Hite made the
necessary orders removing his com-
mittee, and restoring to Mr. Jayne
management and control of his
property and business interests.—

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and saps the vitality, and cheerfulness soon disappears when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Syrup-Rock is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

DAVISVILLE.

A very cold breeze visited this place Sunday and it is feared that peaches are killed or cut short again.

We are glad to report that Franklin Sparks is improving nicely. He at first took the measles, but got out too soon and took relapse.

We are very sorry to hear of Mr. Lackey's death. He will be greatly missed by all who knew him.

M. L. Moore was calling on our merchant Monday.

M. A. Davis was out looking after his accounts Saturday.

Justice & Moore finished their sawing at S. B. Nichell's Friday, and moved their machinery to Felix Grimes' set on the Cleveland Branch.

W. C. Davis spent last week on his farm here, planning and fixing fence.

Wesley and Isaac went to town Monday.

F. B. Lynch was last week representing the Mutual Life Insurance Co. Uncle Tol.

Are you a Dyspeptic? If you are a dyspeptic you owe it to yourself and friends to get well. Dyspepsia annoys the dyspeptic's friends because his disease sours his disposition as well as his stomach. Kodol Dyspepsia Cure will not only cure dyspepsia, indigestion and sour stomach, but this palatable, reconstructive tonic digests and sweetens the whole digestive apparatus and sweetens the life as well as the stomach. When you take Kodol Dyspepsia Cure the food you eat is enjoyed. It is digested, assimilated and its nutrient properties appropriated by the blood and tissues. Health is the result. Sold by Louisville Drug Co.

PROSPERITY.

Died, on Tuesday of last week, Mrs. Moore, the wife of William Moore. She leaves a husband and two small children and a host of friends to mourn their loss. But we can only say that our loss is Heaven's gain.

Born, April 4th to the wife of Mont Rose, an 8-pound girl. Mouth is stepping high.

Good working in all the go now. Green Wellman has postponed his wedding until next fall.

Trilo Roberts and sister Susie were visiting on Brushy last Sunday.

James Carter and wife were visiting on Irish Creek Sunday.

Millard Rose has gone back to W. Va. for the summer.

Married, last Saturday week, uncle Bob Kelley to a Mrs. Webb. The bride is 28 years old and the groom is about 45.

George Carter gave a nice party last Saturday night and all report a nice time.

Mont Rose's coat was hung high and dry for an April fool who he found in a tall hickory tree.

M. Compton kept Prosperity is building him a new house and garden this spring.

Success to the News.

Jim Crack Corn.

Like the running brook, the red blood that flows through the veins has to come from somewhere.

The springs of red blood are found in the soft core of the bones called the marrow and some say red blood also comes from the spleen. Healthy bone marrow and healthy spleen are full of fat.

Scott's Emulsion makes new blood by feeding the bone marrow and the spleen with the richest of all fats, the pure cod liver oil.

For pale school girls and invalids and for all whose blood is thin and pale, Scott's Emulsion is a pleasant and rich blood food. It not only feeds the blood-making organs but gives them strength to do their proper work.

Scott's Emulsion is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

UJESSE.

Several parties from this place attended the Easter entertainment at Charlie Sunday and report a good time. F. N. Compton, the artist, is usually on hand catching shadows and making photos, with which his patrons are much pleased.

Mrs. Mary Hannah and daughter, Misses Della and Virgie, visited relatives on Lost Creek Monday.

Zona Castle, a soldier boy from this place, came home on a brief furlough recently. He had been in the Philippines for almost 3 yrs. but is now stationed at Columbus, Ohio. Everyone is glad to see him.

Married last Thursday William Borders and Miss Neta Smith, daughter of Rev. Leander Smith, both of this place. They are excellent young folks and we extend congratulations.

Several persons have recently moved from here to London, O. Marlon Borders and family, Will Pennington and family and Naaman Borders and family have gone there. They are good people and we regret to lose them. Wm. Borders and bride have moved into the house vacated by Pennington.

Wm. Seabury has moved from Lost Creek to Georges Creek where he contemplates farming this summer.

Sanford Chandler has moved to the head of Georges Creek for the purpose of snaring ties and lumber. Monroo pack now occupies the residence vacated by Chandler.

Winfield Stambaugh, of Johnson county, bought some fine cattle from our neighbors recently. Also, Andrew Austin and Ben Brown have been dealing in cattle and horses here of late.

The infant child of Henry Bowen and wife died a few days ago.

Instead of joy and gladness Easter morn brought sorrow and sadness to the hearts of Grant Hall and wife, of Lost Creek, on account of the unexpected death of their infant child, which was about three months old and very strong and healthy. We extend condolence to each of the above bereaved parents.

The recent births in this place are to Fred Miller and wife, a girl; to Mike Davis and wife, a girl; to Ed. Boyd and wife, a boy. E. J. is very much elated over the addition of an eighth son to his family and says he has christened him "Tommy" Thompson. He says he is going to show people how to raise corn without having to hire hands.

Mrs. S. B. Davis, who has been very low with lung trouble, is better.

Elize, little daughter of Miss Davis, has been very sick, but is much improved.

T. G. Austin, of Lowmansville is buying a fine lot of ties from the boys here.

The farmers have begun to turn over the sod in search of a treasure which if faithfully sought will certainly be found.

Several persons from this neighborhood were summoned as witnesses in the land suit between Bud Lloyd and Jas. Fitch last Saturday, but owing to the absence of some of the witnesses the suit was postponed.

GOOD SPIRITS.

Good spirits don't all come from Kentucky. Their main source is the liver and all the fine spirits ever made in the Blue Grass State could not remedy a bad liver on the hundred-and-one ill effects it produces. You can't have good spirits and a bad liver at the same time. Your liver must be in fine condition if you would feel buoyant, happy and hopeful, bright of eye, light of step, vigorous and successful in your pursuits. You can put your liver in fine condition by using Green's August Flower—the greatest of all medicines for the liver and stomach and a certain cure for dyspepsia or indigestion. It has been a favorite household remedy for over 30 years. August Flower will make your liver healthy and active and thus insure you a liberal supply of "good spirits." Trial size 25c; regular bottle, 75c. At all druggists.

Deputy U. S. Marshal Thomas Salvers, of Louisa, was here over Sunday. Boh McKee, a traveling salesman, was here over Sunday. Willie Crum returned the latter part of last week from a few days visit at Louisa. The infant child of Mr. and Mrs. Frank Weddington, died last Thursday evening and was buried Friday in the Blacklog cemetery. Miss Daisy Marks, who has been visiting her sister, Mrs. W. H. McCoy, in Inez for the past six months, left Saturday for her home at Prestonburg. Henry Polphrey, of Mineral, Kan., arrived here Sunday, on a two weeks' visit to his father, John Polphrey. Henry says he is charmed with the country and will make Kansas his future home. Rev. Harry Given, who has been visiting friends here for the past two weeks, left Tuesday morning for his home at East Hank, W. Va. Rev. Given was formerly pastor of the M. E. Church, South, in Inez, and has a host of friends who are always glad to welcome him to our town. Martin County News.

The Mammoth and the Mosquito

What has come to pass in thousands of years seems hardly credible. Primitive man, a weakling in comparison to modern man, was able to conquer the huge monster of thousands of years ago, such as the Mammoth, and today they are dead forever; yet the mosquito and fly have never been conquered. It is now time for the scientist to devise methods for killing the mosquito and fly, so that they will go to join the mammoth and the monster.

The mosquito and the fly are dangerous enemies of man because they spread contagion. The mosquito often carries the germ of malaria with its bite. The housefly spreads germs of disease over our food. These bacterial germs, ever hovering for the weak spot, and a place in our blood, and then we suffer from grip, catarrh, consumption, or malaria.

Dr. R. V. Pierce, chief consulting physician to the Inland Medical and Surgical Institute, at Buffalo, N. Y., says: "There would be no grip epidemic, the germ of consumption, or malaria would find no place in the human economy, if the blood were pure, if the lungs, heart and other organs were fed on good food. Poisons should not be allowed to accumulate in the body, to be safe it is best to take a gentle laxative, such as one of our food, vegetable laxative as Dr. Pierce's Pleasant Pellets contains nothing which could harm the system."

For putting the blood in order, and as a tissue-builder and tonic for those weakened by coughs, colds, catarrh, grip, nothing will build you up quicker than Dr. Pierce's Golden Medical Discovery. This is a medicine made entirely of roots and herbs, without the use of alcohol.

Dr. Pierce's Medical Adviser is sent free on receipt of stamps to pay expense of mailing order. Send in one cent stamp for paper covered, or 5 stamps for cloth binding, to Dr. R. V. Pierce, Buffalo, N. Y.

FALLSBURG.

LIVER TROUBLES

"I had the Black-Draught a good medicine for liver disease. I could not get any relief from any other medicine. It is sold by Dr. R. V. Pierce, Buffalo, N. Y."

If your liver does not act regularly you to your druggist and secure a package of the Black-Draught and take a dose tonight. This great family medicine cleans the congested bowels, stirs up the torpid liver and causes a healthy secretion of bile.

The Black-Draught will cleanse the bowels of impurities and strengthen the kidneys. A torpid liver invites colds, biliousness, chills and fever and all manner of sickness and contagion. Weak kidneys result in bright disease which claims as many victims as consumption. A 25-cent package of the Black-Draught should always be kept in the house.

"I used the Black-Draught for liver and kidney troubles and found nothing to equal it."—WILLIAM COPPIN, M.D., Buffalo, N. Y.

THE BLACK-DRAUGHT

IN MEMORIAM.

"In the midst of life we are in death." Little do we realize the truth of these words, until death comes in our midst and takes away one of our loved ones. This time it was Nannie Kibby's time to respond to that final call. Nannie was the daughter of Willis and Betsy Jane Kibby. She was a constant Christian and loved by all who knew her. She leaves four brothers and one sister to mourn their loss. Weep not, dear ones for Nannie has gone to meet her father, brother and sister who have gone before. She was a victim of that dreaded disease consumption. She would ask Jesus to come and take her and said she was ready to go, but was willing to suffer as long as he wanted her to, and on the 31st day of March she fell asleep in Jesus. She talked to her friends and told them that she had talked with Jesus and saw the angels all alive and the whole heaven was open and it was all of gold and silver. She called her brothers and sister around her bed and talked to them saying "Don't weep, but laugh." How sweet were those last words of Nannie's. Why should we mourn, when in our imagination we see her standing on the bright sunny banks of sweet deliverance, beckoning us on to that beautiful place.

We loved her, yes we loved her. But Jesus loved her more. And he has sweetly called her To yonder abiding shore.

How to Ward Off an Attack of Rheumatism.

"For years when spring time came on and I went into garden- ing, I was sure to have an attack of rheumatism and every attack was more severe than the preceding one," says Josiah McDonald, of New Logan county, West Va. "I tried everything with no relief whatever, until I procured a bottle of Chamberlain's Pain Balm, and the first application gave me ease, and before the first bottle was used I felt like a new person. Now I feel that I am cured, but I always keep a bottle of Chamberlain's Pain Balm in the house, and when I feel any symptoms of a return I soon drive it away with one or two applications of this liniment." For sale by A. M. Hughes.
